Locals lauded the work of writer-turned-photographer **Pat York** at a recent Serge Sorokko Gallery reception. The exhibition, dubbed *Under the Skin: The Photographs of Pat York*, gave a gathering of the city's finest a compelling view of cadavers, nudes and celebs. With a radiant smile and equally vivid red jacket, York said that "the photograph of Jane [Fonda] cooking" is among her favorites. The artist's husband, actor **Michael York**, toasted his wife with **Serge** and **Tatiana Sorokko**. And if that was not enough star power, we also spotted actor **Peter Coyote**, **Maria Manetti Farrow**, **Patrick Hering**, and **O.J. Shansby**. *Candace S. Abbott*
