

ANDY WARHOL
RECENT ACQUISITIONS

Andy Warhol. Hardly more needs to be said. Father of Pop. Pioneer. Genius.

Serge Sorokko Gallery is pleased to present recent acquisitions on view through May 15. Works include images from the Hammer and Sickle suite, Cowboys and Indians, Hans Christian Andersen, and Reigning Queens suites. Other works include the stunning Red Lenin and the Sea Turtle, the iconic portrait of George Gershwin and the haunting image of the Electric Chair, among others.

Serge Sorokko Gallery has also acquired two unique screenprints of The Kick, featuring the dancer Martha Graham. These are one of a kind images matched in their rarity only by their sheer power and beauty.
