

## JIRI KOLAR

Serge Sorokko Gallery is pleased to announce an important retrospective exhibition of work by the Paris-based Czech artist, Jiri Kolar. The exhibition will present 35 objects and collages from 1960-1990, featuring a selection from his highly acclaimed one-person exhibition at the Museo Reina Sofia in Madrid last year. This retrospective is most significant as it brings Kolar's 30 years of work together for the first time since his one-person exhibition in 1978 at the Guggenheim Museum in New York.
